Street Tree

Homeowners are responsible for maintaining their property, including the street trees. Tree branches should not be lower than 8ft over the sidewalk or 10ft over the street.

Lawn Maintenance

There are many beautiful lawns in our community. However, your beautiful lawns require care and maintenance. Proper lawn care ensures your lawn can withstand threats from lawn-damaging weeds and insects. Additionally, other benefits include protecting your home and property; raising your property value; and improving the community's overall appearance.
