

Vandalism

Our community has experienced vandalism in recent months. Our entrance walls have been damaged, landscape lighting /wiring destroyed, and landscape irrigation rendered inoperable. Aside from the time and money associated with repairs, we now must consider prevention measures. Additionally, this leaves our community's entrances looking less than stellar. Let's work together to get this issue under control. If you see something, say something. Thank you!

Security Reminder

Lock your vehicle doors, close the windows, do not leave valuable items in your vehicles over night and remove your keys from the vehicle. Please take the necessary precautions to protect your property and valuables.

Holiday Decorations

Holiday lighting and decorations should be taken down and put away no later than 2-weeks after the holiday. Additional information regarding seasonal decorations can be found on the community website @ [Home \(bahialakeshoa.org\)](http://Home.bahialakeshoa.org).

Winter is a busy season...
